PENDING CPD POINTS

11TH APRIL 2027 | DR NOOR ILYANI

Level 5, The Dental Academy, Bentley Music, 3, Jalan PJU 7/2, Mutiara Damansara, 47810 Petaling Jaya, Selangor

What will you learn during the session:

- Complete an endodontic diagnosis, including identifying symptoms of non-endo origin including different types of endo-perio lesions.
- Utilize the radiographs to better understand the anatomy of the tooth and position of canals.
- Create ideal access preparations and locating canals without compromising tooth structure.
- Prevent and manage perforations.
- Perform endodontic access cavity on anterior, premolar and molar teeth.
- Touch base with importance of root canal irrigation and medication.

Tentative:

Lecture
9:00 a.m. - 10:30 a.m. : Endodontic Diagnosis

10:30 a.m. - 10:45 a.m. : Tea Break

Hands-on
10:45 a.m. - 12:30 p.m. : How to do positioning in taking endodontic radiographs, and how to utilize the radiographs to get optimum information.

12:30 p.m. - 2:00 p.m. : Lunch

Hands-On
2:00 p.m. - 5:30 p.m. :

1. How to create the cavity access and locate the opening of canals on extracted molar teeth.
2. Perform the canal preparation and cleaning and shape effectively.
3. The importance of intra-canal irrigation and what to do and what not to do.

Endodontics at your fingertips: tricks and hacks to get through the canal

This comprehensive endodontic course is designed specifically for dental professionals seeking to deepen their understanding and enhance their skills in root canal therapy. This course will provide a thorough foundation in both the science and art of endodontics, equipping you with the right techniques, tools, and clinical insights necessary to improve patient outcomes. Whether you're new to the field or looking to refine your existing expertise, this course will guide you through each phase of treatment, emphasizing practical and application and evidence-based practices to elevate your clinical practice.
